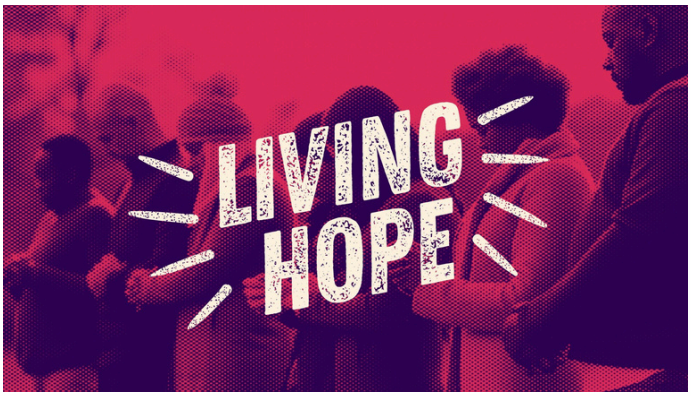
HOPE WEEK 2024

Hope Week is a week of service to those in need preceded by a dynamic Sermon Series called Living Hope, which you can customize to be anywhere from one week to five weeks long.

The 2024 Hope Week is in November.

Hope Week empowers churches to care for their community through being the hands and feet of Jesus, our living hope. Our goal is to equip your church to fulfill the Matthew 25 mandate to feed, clothe, invite, heal and visit those in hopeless circumstances. We will equip you with a Living Hope Sermon Series package that includes graphics, bumper video, multiple sermon manuscripts to choose from and much more. We will also equip you with Hope Week in a Box serving components that you can complement with unique serving opportunities in your community.



Minimum Commitment:

- Teach at least one week on caring for the hurting in our community.
- Collect a Cash Offering at the end of Hope Week (for your Benevolence Fund)
- Collect Clothes, Food and Diapers at the end of Hope Week
- Update us with the number of diapers, articles of clothing, pounds of food donated and cash donated. You can celebrate your items donated and funds given both at your church and all Carolina Care Center churches the following Sunday.
